Dan, if you have a moment may want to confer on this before I talk with Elizabeth today ahead of the TRAR meeting tomorrow.

Thank you,

Peter

No problem Peter - Just saw the agenda and it looks good. Barry is in FL on work travel and confirmed this am that he can't call in, So Kim and I will represent us.

Elizabeth, we are thinking alike. We met with Michelle and Dan last week and finalized an agenda which should be sent out this morning attached to the invite. All of the items you list are topics for tomorrow.

Give me a call any time today to coordinate further.

Thank you,

Peter

Hi Peter -

Could we touch base via email or by phone Monday to compare expectations for the TRAR Principals call on Tuesday? I know where we are as co-leads through the RIT call and related emails, but thought it might be helpful to talk through expectations of our co-chairs and next steps.

Also, regarding logistics for the meeting, I haven't seen an agenda but I propose we address the following; not necessarily in this order:

3) Shorelines workgroup - Agreement that shorelines is a topical area that NOAA, EPA, USFWS, FEMA and others believe is an opportune area for interagency work - that is getting scheduled by Susan.

4) Any update ready for prime time on HTL?

Finally - an ask: could you let your meeting scheduler know that we want Kim Kratz to be included in the email distributions? He tends to be on some, but not all and I want to ensure he's included. Thanks! Stay dry out there!

Elizabeth
